

REACH Statement

The meaning of REACH is **R**egistration, **E**valuation, **A**uthorisation and **R**estriction of **C**hemicals and is in force since June 1st, 2007.

The deadline to pre-register phase-in substances, ended on December 1, 2008. It is said that approx. 150,000 substances were pre-registered during this time.

As an importer and distributor of chemical raw materials WTH GmbH has pre-registered all the substances it currently markets that are subject to registration by the due date.

All of our customers will of course be informed if any changes due to REACH regarding supply are envisaged.
